AUTHOR

Terry Johnson is the senior minister of the Independent Presbyterian Church in Savannah, Georgia, which he has served since 1987.

ENDORSEMENTS

If God is sovereign why evangelise? Why bother to pray? What about free will? And how do we square sovereignty with the presence of evil? Such questions are covered as Johnson focuses on eleven themes believing that a Biblical understanding of sovereign grace will give us the answers, without removing the mystery... a heart warming and well argued book which will thrill those who share his convictions and challenge those of other persuasions.

Christianity Magazine

... writes well and if you want a fresh approach to some well-worn themes, this is the book for you. His coverage of Law and Liberty is stimulating as is his dealing with Prayer and with Guidance.

This book comes with strong recommendations of various worthies in America, to which I would like to add my own pennyworth.

Ron Preece- Evangelism

This book will bless you and warm your mind and heart... opens the doctrines of grace in a practical and appealing manner, while maintaining his theological integrity.

... easy to read, cogently articulated, and helpful to anyone who needs encouragement or a refresher course on the doctrines of grace. They would also be a challenging witness for a non-Christian to read. I commend this book for personal reading and family or group study.

Equip for Ministry

Doctrinally clear and well-illustrated, this is an ideal introduction for people new to the doctrines of grace, as well as being a refreshing read for more experienced readers.
