DESCRIPTION

Who Are You? Discovering Your True Identity in Christ

Our culture says identity is found by looking within. The Bible points us to something far greater.

This accessible guide helps students and young Christians understand today's debates about identity, sexuality and gender through the truth of Scripture. Beginning with God's design for humanity and ending with the transforming hope of the gospel, it explains why our identity is found not in our desires but in Christ.

This book will help readers:

- **Understand modern identity thinking.**
- **Discover God's design for humanity.**
- **Think biblically about sexuality and gender.**
- **Live faithfully in today's culture.**

AUTHOR

Matthew Roberts is the minister of Trinity Church York, England, a congregation of the International Presbyterian Church. He has a PhD in Systematic Theology from Westminster Seminary, Philadelphia, USA, and has served as Moderator of Synod and Chair of Church Planting for the IPC. He is married to Kate and they have three children.
