ENDORSEMENTS

A powerful, eye–opening, gracious, and ultimately alarming book that will quickly give readers a deeper understanding of the deceptiveness of the modern 'gender identity' movement that is rapidly capturing our media, our laws, our schools, and our children – and even our very freedom to speak the foundational truth that God created the human race with two 'very good' genders, male and female, and they cannot be changed.

Wayne Grudem
Research Professor of Theology and Biblical Studies, Phoenix Seminary, Phoenix, Arizona

Compassion demands that we grasp the argument of this powerful yet uncomfortable book. This book will help congregations to have clarity where they might be feeling perplexed and it will also help us as we seek to minster in love to those who have been impacted.

Greg Strain
Senior Pastor, Spicer Street Church, St Albans, England

Though short, it is packed with all the information and background you will need to help you understand what is going on in our culture. Clearly written, well– informed, contemporary and biblical. Personally I would recommend that every Christian have a copy, and every church several. Superb!

David Robertson
Minister, Scots Kirk, Newcastle, Australia

A challenging, confusing and complex topic is handled in an accessible, respectful and compassionate way, which will leave the reader with greater confidence in the truth that we have all been created male or female.

Philippa Taylor
Head of Public Policy at Christian Medical Fellowship & Consultant on Bioethics
