ENDORSEMENTS

Too often our prayers are concerned with ourselves and lack the reverence which is due. As Thomas walks through the 'Lord's prayer' with us, we discover fundamental truths about both God and ourselves. This book is a powerful reminder of who God is, who we are and what prayer is about.

Eleonore Van Haaften

If you would learn to pray, or strengthen your prayer life, who better to instruct you than Jesus. That is why Praying the Saviour's Way can be such a great help to you. The master model for prayer is clearly explained with helpful application.

Luder G. Whitlock
Executive Director of CNL Charitable Foundation, Orlando, Florida

... This book will be a great blessing to you and certainly help each of us better understand how to obey Christ's instruction "to pray like this." I recommend it heartily.

Equip for Ministry

There are a few good books available on the Lord's Prayer, but Derek Thomas's treatment is among the best. It reveals a profound spiritual and theological wisdom rarely exhibited among contemporay writers. The section on the will of God is a jewel.

Todd Douglas Baucum, First Presbyterian, Enterprise, AL
