Themelios

...outstanding and worthy of the high praise it recieves from other conservative Old Testament scholars.

Evangelical Times

Professor Mackay has produced a strong commentary on the Book of Exodus. It is filled with excellent material for the pastor and the serious-minded Bible student. I especially appreciate the work on application that is normally so difficult to draw out of historical literature. I recommend this work highly. It is a valuable tool for the study of this most important period in Israel's history.
