## HEALTH, WEALTH, AND THE (REAL) GOSPEL

*The Prosperity Gospel Meets the Truths of Scripture*

**Sean DeMars and Mike McKinley**

- By 2 pastors with experience of prosperity gospel
- Highlights problems
- Refutes claims made by prosperity preachers

Having experienced its damaging effects, Sean DeMars and Mike McKinley set out to reveal the insidious toxicity found in the prosperity gospel. Beginning by countering claims made by the prosperity gospel with what scripture actually teaches, they highlight the places in scripture that stand directly opposed to prosperity teachings.

---

*I am so grateful for this book by Sean DeMars and Michael McKinley. It is a very readable and thoroughly biblical exposure of the complete theological bankruptcy of one of the most egregious distortions of the Gospel ever to disgrace the name of Christ.*

**Justin Peters**

Founder of Justin Peters Ministries

*Sean and Michael have written an honest and illuminating book that uses scripture (in context!) to confront all the core tenets of the prosperity gospel. It is also written in a way that is conversational, speaking the truth with directness in love. I pray the Lord will use this work to graciously reveal the glory of the true Christ to those in deception.*

**Brandon Kimber**

Director of "American Gospel: Christ Alone"

*... insightful and humorous, wise and winsome, direct yet careful. I pray that God will cause your soul to prosper as you read this book.*

## HAS SCIENCE MADE GOD UNNECESSARY?

### Ransom Poythress

- By professor of science
- Logical arguments
- Science and faith not mutually exclusive

There is a widespread assumption that there is no space for God in science, and no space for science in Christianity. Ransom Poythress' logical and well-reasoned look at the question of whether the search for answers excludes belief in a Deity is a riveting read for any with a genuine interest in pursuing truth.

---

*Ransom Poythress is both an accomplished biologist and a knowledgeable biblical scholar. His commitment is to both the craft of science and the awareness of the reasons people throw up objections to its compatibility with Christian faith. He writes in a sympathetic, non-combative manner which ought to disarm all but the most obdurate sceptic. A must read by anyone concerned with the so-called science-vs-religion controversy.*

### William Edgar

Professor of Apologetics, Westminster Theological Seminary, Philadelphia, Pennsylvania

*Through the use of simple yet powerful analogies, an easygoing pace, and excellent references for those who want to dig deeper, Poythress reaches any interested reader with an answer that affirms Christianity while respecting and encouraging the proper roles of science. This is a great book for any youth group, college class, or seeker to think through.*

### John A. Bloom

Professor of Physics & Director of the MA, Science and Religion program, Biola University, La Mirada, California and author of The Natural Sciences: A Student's Guide

## IF CHRISTIANITY IS SO GOOD, WHY ARE CHRISTIANS SO BAD?

**Mark Coppenger**

- Part of Big Ten apologetics series
- Written for sceptics and questioners
- Looks at what it means to be good

It is reasonable to expect that the followers of Jesus Christ would exude the same sort of moral goodness that he did. But what does it mean to be good? What does it mean for the reality of the Christian faith that Christians fail to live up to the standards set by the Bible? Mark Coppenger engages with these questions.

---

*This book will be a very helpful tool for us at All Souls with some people who come to investigate but have had their hearts broken by the behaviour of Christians they've known. I'm so grateful for it and have already made a mental list of those whom I need to send it to.*

**Rico Tice**

*... a highly accessible work that is a must-read for Christians in our sceptical times.*

**Peter G. Riddell**

*This book doesn't whitewash the bad behaviour of many Christians, but it also offers some helpful insights, theological context, and practical wisdom for how Christians can respond to this important challenge.*

**Sean McDowell**

Professor of Christian Apologetics, Biola University, La Mirada, California Best-selling author and popular speaker

---

**Courtney Reissig**

Author of ‘Teach Me to Feel: Worshipping Through the Psalms in Every Season of Life’

**WHO NEEDS THE CHURCH?**

*Why We Need the Church (and Why the Church Needs Us)*

**Terry L. Johnson**

- For laypeople
- Biblical explanation of importance of local church
- What it means to be the church

It seems that increasing numbers of professing Christians in the West, church has become a place to go when it is convenient, to have one's needs met. In this thought-provoking, challenging book Johnson shows why the local body is an essential part of the life of every believer.

---

*In this short, thoroughly biblical and practical work, Dr. Johnson sets for the case in a manner that is convincing and convicting (in the best sense). His suggestion of the norm of local church membership as Sixth Sola is hard to refute, after reading this work—unless one elevates individualism over discipleship.*

**David W. Hall**

Senior Minister, Midway Presbyterian Church, Powder Springs, Georgia

*Written with provocative apologetic flair, Pastor Terry Johnson informs his readers that the church is not a voluntary institution, but a living organism to which we must belong. You will walk away from this resource not only better informed biblically, but encouraged and motivated to invest deeply in the bride of Christ, the church of God.*

## ANGELS

*When Heaven Meets Earth*

**Tim Chester**

- Aimed at people who are fascinated with angels
- Stories of angelic encounters
- Directs attention towards Christ

Nearly eight in ten Americans believe in angels. Even among those who never attend church it's four out of ten. In the United Kingdom one in three people believe they have a guardian angel. But what we can know for sure about angels? Tim Chester delves into the mysterious world of angels and shows us what the Bible says about what angels are, what they do, and where they lead us.

---

*People are fascinated by angels. Unfortunately, much popular Christian literature, not to mention non-Christian media, gives scant attention to the actual biblical data about angels. With brevity and faithfulness, Tim Chester guides us to a deeper understanding of these 'ministering spirits who are sent to serve those who will inherit salvation' (Heb. 1:14).*

**Robert L. Plummer**

Professor of New Testament Interpretation, The Southern Baptist Theological Seminary, Louisville, Kentucky

*In this illuminating and enthralling book, Tim Chester ranges across scripture to explain this apparently mysterious spiritual realm with remarkable clarity and simplicity, and shows us how understanding the nature and role of angels will impact our worship, our emotions, our prayers and our devotion to the Lord Jesus and His gospel. A wonderful biblical overview which opens our eyes to profound truth.*

**Jonathan Lamb**

Minister-at-large for Keswick Ministries, IFES Vice President, and former Director, Langham Preaching

*From their operations in the redemptive plan of God, to daily interaction in the lives of human beings, angels have held a fascination in the hearts and minds of believers throughout church history. However, over the past century, this captivation with the angelic world has grown cold. In this new primer, Tim Chester answers common questions and helps reawaken our interest in this vast multitude of God's creation.*

## IMPERFECT REFLECTIONS

*The Art of Christian Journaling*

**Kirsten Birkett**

- Spiritual value of journaling
- Encourages intentionality
- Guide to what to journal about

Kirsten Birkett encourages us to use journaling as a tool to grow in godliness. The Puritans used diaries to give themselves spiritual counsel, to remember God's mercies, to reflect on how He has been at work, and to be thankful. This book is a helpful guide for those who want to follow their example.

---

*Birkett not only details why Christians should journal, but peppers her book with illustrations of the craft, helping the novice, as it were, to overcome any hesitations to put pen to paper. The book is ideal also for courses that deal with journaling as a spiritual discipline. I highly recommend it!*

**Michael A. G. Haykin**

Professor of Church History and Biblical Spirituality, The Southern Baptist Theological Seminary, Louisville, Kentucky

*Our generation has neglected this ancient craft to our own impoverishment. It would not only do us much good, but give us great joy, to post far fewer words in public and journal far more in private. Rediscover the lost art.*

**David Mathis**

Executive Editor, [desiringGod.org](http://desiringGod.org); Pastor, Cities Church, Minneapolis/St Paul
