DESCRIPTION

When Sin Is Serious—and Grace Is Greater

Greater Sins, Greater Grace by Jeff Moore tackles a question many Christians avoid: Are all sins equal? Through careful biblical exegesis and theological clarity, Moore shows that Scripture itself distinguishes degrees of sin—without denying that all people stand guilty before God. Far from minimizing grace, this framework magnifies it, revealing the astonishing depth of forgiveness offered in Christ.

Clear, courageous, and pastorally sensitive, this book equips readers to think biblically about moral weight, judgment, and mercy in a confused age. It is an essential resource for pastors, students, and believers who want to take both sin and grace seriously.

AUTHOR

Jeff Moore is Assistant Professor of New Testament at Grace Bible Theological Seminary in Conway, Arkansas. He is a graduate of Westminster Theological Seminary (M.Div.) and Midwestern Baptist Theological Seminary (Ph.D.). He has also served in pastoral ministry for numerous years.

ENDORSEMENTS

We know that sins are not all equal in their impact on other people, but Jeff Moore demonstrates that some sins are more serious in their offence against God. He highlights sins relating to God's creation order, but also reminds us that there is grace sufficient for the worst of sinners. This is a valuable resource, provoking us to reflect further on this theme of "greater sins" which is either neglected or rejected today.
