### ENDORSEMENTS

Dale Ralph Davis has written a wonderfully straightforward, readable book entitled, *The Word Became Fresh: How to Preach from Old Testament Narrative Texts* (Christian Focus; pb., 154 pp.). Davis, like Goldsworthy, laments how complicated we have sometimes made biblical interpretation and instead outlines a basic approach to careful, sensible reading which opens up the theology of Old Testament narratives. This is one of those books that makes you want to preach after reading it!

**Preaching.com Bible and Bible Survey Review 2007**

With many examples, and that's exactly what Davis describes. With many examples, and interesting illustrations, he teaches us how to grapple honestly with what sometimes can be intimidating, difficult and uncomfortable portions of Scripture...This book is not only suitable for preachers and teachers, but can be read with great profit by all Christians who want to get more of a handle on Old Testament narrative.

**Evangelical Times**

Davis maintains that avoidance of difficult texts 'gets us and nowhere and impoverishes the church'. His excellent chapter on appropriation/application includes the damning sentence: 'I hold a reader who does not appropriate and/or a teacher who will not apply Scripture is practising abortion on the Bible' You may or may not want to imitate Davis Style but if you read this book you will want to lift his structures and insights straight off the page. And that is no bad thing for the church.

There is no more gifted expositor of the Old Testament in our day than Ralph Davis. His book not only brings scholarly research to bear on the subject, but also reflects his many years of preaching week after week through the Old Testament. What a gift to the church to have such a fine book.
