ENDORSEMENTS

I really enjoyed this devotional commentary on the Book of Jonah. Although it's a book I've read and also preached from many times, the author brought it afresh to me. A commentary that can be read over 31 days, it contains a good exposition of Jonah as well as a daily challenge. The commentary also contains a series of questions at the end, suitable for either group or personal study. Warmly recommend.

Andrew Young, Fraserburgh

In all of his phases, Frank Sellar has been consistent - a man sold out for the good news of Jesus, committed to encouraging any form of positive ministry to the weird and wonderful thing that is church, and someone whose generosity and encouragement always leaves us thankful for the encounter.
I know reading this book will do the same for you.

Keith Getty
Hymn-writer

Through a skilful re-telling of Jonah's story, this gem of a book has pastoral warmth, penetrating application, and a simplicity and directness that will challenge and inspire your walk with God. It exposes our fears, helps us to pray, points us to Christ, and refreshes our souls. Prayerfully read a section each day, and within the month your understanding of God and your motivation to serve Him will surely have changed!

Some books take much reading and leave little impression. This wonderful book takes little reading but leaves a deep impression. Daily portions of Jonah make for a rich diet - edifying, humbling and encouraging, with challenging insight and perceptive prayer. One cannot but fail to travel with Jonah into a deeper awareness of the purposes of God, ultimately to be found in the Lord Jesus Christ. This is a book rich in the grace that drives us to our knees and to the heart of our loving, forgiving, sovereign Lord.
