DESCRIPTION

We have lost something priceless, and seem to be trying to replace it with more and more 'information'. We need wisdom! Communications technology leaves us no rest to work things out: mostly we just react, and worry, and fail – and react again. We make business decisions; ethical decisions; relationship decisions; against a continuously moving landscape that doesn't allow them to be satisfying... consistent... dependable.

To cope we must have wisdom! There is no better starting point than the Book of Proverbs. Its purpose is to impart wisdom to those who want it. From its pages God promises to set us on 'The path of life' (Prov. 15:24).

You want wisdom to help run your life? Think you are running out of time? Then this is a priceless, timeless book that will reward your investment as you seek to gain wisdom, rather than knowledge.

ENDORSEMENTS

Committed to the full integrity and authority of the Bible as the written Word of God, to careful exegesis of the text, and to practical application of the truths of biblical wisdom to everyday life.

Eugene H. Merrill
Distinguished Professor of Old Testament Studies, Dallas Theological Seminary, Dallas, Texas

Up to now my best helps on Proverbs have been Bridges, Alden and Ross. Now I must add John Kitchen's choice and compendious study in the Mentor Commentary Series. He is clear and probing on the text and always practical. His Appendix on wisdom vs folly is powerful and his Thematic Index of Proverbs opens up the only real preaching possibility for expositors beyond chapter nine of the book. Strings of pearls cannot be taught or preached verse by verse. This is a solid and substantial piece of work, which will deservedly take its place as one of the finest contemporary treatments available.

David L. Larsen
Professor Emeritus of Preaching, Trinity Evangelical Divinity School, Deerfield, Illinois

John Kitchen readably reflects the fruits of his precise and insightful teacher's mind and his down–to–earth and caring pastor's heart. Kitchen's volume is that rare and beautiful combination: in equal—and very generous—portions, an intellectual feast for the curious mind and a spiritual feast for the needy soul!

I've just started to use this for my daily quiet time. It is extremely helpful in giving me insights to Proverbs that I had not seen before. I highly recommend it for gaining wisdom and understanding.
