MARKETING POINTS

A fresh and lively study on the first church in Europe

Applies lessons to the church today

AUTHOR

William Taylor is the minister of St. Helen's Bishopsgate, London. Previously he was an officer in the Royal Green Jackets.

ENDORSEMENTS

Who should this book be given to? Give it to a new Christian, and they will delight to find they really can understand a whole book of the Bible. Give it to a growing Christian, and they will have a model of how the Bible should be handled. Give it to an experienced Christian, and they will be reminded of how refreshing Bible Study can be. Most of all, give to a preacher and we'll all be a good deal better off!

Evangelicals Now

"This book on Philippians exudes the warmth of the letter itself. It engages with our lives and is insightfully applied. William is one of the finest leaders I know. His background as a captain in the Royal Greenjackets prepared him well for the leadership in the church. He is a man who recognises the eternal significance of pastoral leadership; it is his compassionate pastoral care, so evident at St Helen's, which reflects itself in his preaching and in this book."

David Cook

Founder, Expository Preaching Trust, Australia
