ENDORSEMENTS

... a great deal to commend this work, and anyone wishing to delve more deeply into these significant yet often enigmatic Old testament phenomena will find much help in it pages.

Banner of Truth

... an important book on Christophanies of special interest to pastors/preachers and others who have an interest in theology.

Grace Magazine

I heartily commend this work to every serious student of the Scriptures who wishes to serve Christ... Chalcedon did not say it all. There is work still left to be done and it would appear that God is calling our generation by the ministry of the Holy Spirit to set our hands to the job and to state in even clearer terms what our contemporaries must hear if they are to see Christ.

President Emeritus, Gordon–Conwell Theological Seminary, South Hamilton, Massachusetts.

Should be in library of every pastor and serious Bible student.

Irvin A. Busenitz
Professor of Bible Exposition & Old Testament, The Master's Seminary, Sun Valley, California
