Biblical ignorance is a plague not only in the land but in the churches. This material will cure the problem by giving children firm foundations in scriptural knowledge from their earliest years.

We are over the moon with this book. We have a group aged 5-11, but very young for their ages, as neither upbringing at home nor the educational system here in Albania are conducive to developing the potential and personality of the child. So we use the pre-school models: simple, and instant results, and they remind them of the story they have learned. We've now got The Game is up, and that dovetails beautifully with the On the Way syllabus, and should help us make the teaching methods richer, though we have not yet tried it...
