ENDORSEMENTS

There are shelves full of books on church history, but almost all of them are directed to adults. This book not only addresses this regrettable situation, but does so with excellence. Parents, teachers and pastors who read through this engaging resource with their children will not only open their eyes to God's continuing work throughout history, but likely learn something themselves!

David Hogg

President, Phoenix Seminary, Scottsdale, Arizona

This book is a treasure trove of exciting stories and factual information. There is no more important and compelling story in modern history than that of the Church, the people of God saved through the work of Jesus Christ. Linda Finlayson covers 2,000 years of action-packed, global history in a way that is both clear and comprehensive. 'God's Timeline' should be a required text in Christian schools and in homeschooling curriculums.

Timothy Larsen

McManis Professor of Christian Thought, Wheaton College, Wheaton, Illinois

This unique and creative collation of infographic timelines that map out the contours of church history is a welcome tool for both younger and older students of the history of God's people... a tremendous means of understanding the vast work of God in times past and how the Faith has been passed down to us.

Michael A. G. Haykin

Professor of Church History and Biblical Spirituality, The Southern Baptist Theological Seminary, Louisville, Kentucky

Linda Finlayson has done it again! She's given us a book that not only clearly describes the basic contours of Church History, but also one that draws us in with vivid illustrations and timelines. I want this in the hands of my own children and in the hands of the children of our church. I know I'll be buying copies for other friends and relatives as well. It is an excellent introduction to an important and oft-neglected topic - the work of God in the history of Christ's Church.
