DESCRIPTION

The gospel is powerful; we just need to speak it.

In this very practical, short book from the Get Preaching series, Nigel Style reminds us what preaching is, what the message of the cross is, and why that is something to be heralded to all the world. Bringing these two points together he explains the importance of always preaching the cross when preaching the Bible.

MARKETING POINTS

Why it is important to preach the cross

Helpful suggestions for putting it into practise

Part of the Get Preaching series
