ENDORSEMENTS

So excited to see a series of books written for the purpose of discipling unchurched new believers! Dickens writes in an easy–to–read, conversational style that presents Biblical truth in a highly applicable manner. Developing a Biblical worldview concerning our relationships is a must for all of us, especially those who are new to the faith.

I thoroughly recommend Sharon Dickens new book about how we as Christians are to get on with other people. It talks about how we relate as families, neighbours and close friends and even delves into dating and marriage. It is honest about the struggles and the challenges and gives clear applications of Bible texts and gospel principles. It is packed with illustrations and an example character, Biddy, who pops us in each chapter. The language is straightforward and easy to understand for people who have recently come to faith, especially if they don't have a church background and vocabulary. At the heart of the book is Jesus, the most important relationship of all.
