DESCRIPTION

This is a book about God's jealousy for his integrity, his passion to be believed, on the basis of his words alone. Throughout Scripture God expresses his determination to be known as the God who keeps his words. He has resolved that every person and nation will see and confess that all his words are reliable down to every last syllable, jot, and tittle. Learning to trust a God who is sovereign and in control, especially in the ache and throb of life, means hanging on to the conviction that everything he says is utterly dependable.

ENDORSEMENTS

Written in a very accessible style with helpful practical applications, this book (which includes an outstanding summary of the Kingdom of God on earth for worldview context), ought to be in the library of every Christian and re–read at least annually.

Craig Hartman
Director of Shalom Ministries Author of Through Jewish Eyes

... does not merely list the usual prooftexts (though there'd be nothing wrong with that!) and draw out their implications; no, he demonstrates in concrete text after text within Scripture that God's words are trustworthy. Talbert not only trusts God's words, he models that truth by rooting it in careful examination of those words.

Mark Ward
Editor of Faithlife's Bible Study Magazine Author of Authorized: The Use and Misuse of the King James Bible

... helps to strengthen our wavering faith by showing us how and why God's words are absolutely trustworthy. The author then shows how a clear understanding of God's trustworthiness affects our everyday lives.

Kevin Bauder
Research Professor of Systematic Theology, Central Baptist Theological Seminary, Plymouth, Minnesota Author of several books including Baptist Distinctives and New Testament Church Order

... a very useful work which is not a conventional defence of the complete trustworthiness of God's Words encapsulated in Scripture, but more of a series of applications for believers. The book rests on the foundation that God's word is true, and is to be trusted, and that faith is intellectual, emotional and volitional.
