DESCRIPTION

Packed with practical help, *Sharing Your Faith with Your Japanese Neighbour* calls attention to cultural differences and will give you ideas for sharing the Gospel with the Japanese people in your life. The book is split into three sections: A Brief Outline of Japan's History; Becoming a Friend; and Witnessing to Japanese People. Each section highlights things to be aware of when speaking to someone from Japan and how cultural differences might impact how they relate to you. The book encourages you to form genuine friendships and to invite them into your life as well as into your faith. Hugely practical, this book will be invaluable to anyone who longs to tell their Japanese neighbour about Jesus.

ENDORSEMENTS

This guide will be a very useful resource for anyone wanting to engage with Japanese people. It gives rich insights into Japan's history and culture alongside lots of practical tips for befriending, witnessing to and discipling those from a very different culture to our own. The questions it raises could also well be good pointers to engaging with other nationalities.

Sue Burt

Jesus became a human being to communicate the gospel to us in an understandable way. We too must stand in Japanese shoes (or slippers) to effectively communicate the gospel to our Japanese neighbours. This book is a very helpful tool to have in your bag.
