DESCRIPTION

Discover the Glory of God's Presence

The second half of Exodus reveals God's holiness, covenant faithfulness, and desire to dwell among his redeemed people. *Teaching Exodus Vol. 2: From Text to Message* helps pastors, preachers, and Bible study leaders faithfully communicate these profound and often-overlooked chapters.

Rather than providing a verse-by-verse commentary, Douglas L. Johnson offers practical guidance for understanding the structure, theology, and message of Exodus, helping teachers move confidently from the biblical text to faithful application while showing how these chapters ultimately point to Christ.

Features include:

- **An overview of the major themes of Exodus 25–40**
- **Passage-by-passage teaching guidance**
- **Suggested sermon and lesson outlines**
- **Discussion questions for small groups**
- **Christ-centred insights that connect Exodus to the gospel**

An ideal companion for anyone preaching or teaching through the closing chapters of one of Scripture's most foundational books.
