ENDORSEMENTS

... Kaiser is refreshingly positive in his approach to the book... I would heartily recommend this little volume to anyone who wants to get to grips with the message of Ecclesiastes

Evangelicals Now

... this work demonstrates a timelessness and appeal that makes it a worthwhile read for pastors, teachers, and others looking for a helpful assessment of "the relationship between Christ and culture".

Southwestern Baptist Journal of Theology

Ecclesiastes is a wisdom writing from ancient Israel but there is no book more relevant for our postmodern world today. Dr. Walter Kaiser, one of our best biblical scholars, has given us a lively commentary on this part of God's Word, one that will help us face today's changing world with integrity and faithfulness.

Founding Dean of Beeson Divinity School, Samford University, Birmingham, Alabama

Perhaps the most helpful feature of Kaiser's treatment is that he believes the book has a discernible plan and a traceable argument and that Qoheleth was not a cynical old goat who drank Drano or vinegar for breakfast. That makes a difference in the way you understand Ecclesiastes. Buy your own copy and find out how.
