ENDORSEMENTS

Among the litany of books on Beza this latest work offers a most genuine contribution in its ability to countervail the many modern misconceptions surrounding "the Calvinist." From the aftermath of the St. Bartholomew's Day Massacre to the Colloquy of Montbeliard, Beza proved himself to be more than a theologian; he was a statesman and an ambassador for the Reformed faith. Theodore Beza: The Man and the Myth is a robust depiction of Beza in all of these roles.

Obbie Tyler Todd, New Orleans Baptist Theological Seminary, New Orleans, Louisiana - Writing for The Gospel Coalition

This title opens with, 'Theodore Beza? Who's he? Why should I care about him?' The author answers these questions with warmth and clarity ... though Beza was a theologian of great intellect, he was a man of great devotion to God and pastoral sensitivity in dealing with God's people.

Overall, an excellent introduction to the life and writings of Theodore Beza.

Mark Rowcroft, Evangelical Times
