MARKETING POINTS

Foreword by Michael A.G. Haykin

Fresh insight into John Newton and George Whitefield

Spiritually delightful and historically valuable

AUTHOR

Grant Gordon, who resides in Ontario, Canada, is a respected specialist in 18th-century evangelical church history, especially in the UK and editor of Wise Counsel: John Newton's Letters to John Ryland Jr.

ENDORSEMENTS

This is not simply a book for lovers of church history; all Christian people will benefit from it spiritually. For those unfamiliar with the two men, this will make an excellent introduction. For others, new light will be shed on a delightful Christian friendship. It is warmly recommended.

Evangelical Times

Reading of the interaction between these two men of such significant influence, when our church today so badly neds a similar evangelical revival, is likely to be 'a great blessing' to you!

Marylynn Rouse
Director, John Newton Project

... an invaluable contribution to new understanding of the shared theology and history of these two great servants of the Lord. I could not recommend it more.

Jonathan Aitken

George Whitefield and John Newton were two of the titans of eighteenth-century British evangelicalism. But for too long, the precise nature of their mutual influence has remained unclear. Grant Gordon's much-needed book rectifies that problem with its treasure trove of illuminating research.

Thomas S. Kidd
Distinguished Professor of History, Baylor University, and author of George Whitefield: America?s Spiritual Founding Father
