ENDORSEMENTS

The messages in Heart Cry for Revival represent Dr. Olford's burden and vision, sustained throughout his ministry of 65 years. His book defines for us clearly and concisely what are the causes, characteristics and consequences of genuine, Holy Spirit-inspired revival. Each chapter is based on a scriptural account of revival: an approach that is absolutely essential if we are to avoid the excesses, extremes, and even errors, which are being perpetrated on the church by leaders and teachers. Olford's message is enriched by glimpses into the great revivals of the past. It is the desire of Dr. Olford and the design of his book to bring the reader to the place where there is created a true "heart cry for revival," both individually and collectively.
