ENDORSEMENTS

Looking for all the world like a cross between Stephen Irwin and Jungle Doctor jumping into the 21st century, the multi-talented Colin Buchanan has given us this delightful little children's book for two to eleven year olds, which could have been called 'My First Book of Christian Doctrine that would have been a turn-off! Nevertheless, it's all here: The only God, The sovereign God, The Providence of God, The Omniscience of God... all taught in a way no Professor of Theology would dare, yet in a way that the simplest of us can understand. Not only the littlies love it, but it's an essential crib for every student of theology.

New Life Magazine

We have been looking for a devotional book to use with our 4 year old son and this is the best we have found so far.
