AUTHOR

Timothy K. Beougher is the Billy Graham Professor of Evangelism and Church Growth at The Southern Baptist Theological Seminary, Louisville, Kentucky. He studied at KSU, Southwestern Baptist Theological Seminary and Trinity Evangelical Divinity School. Prior to taking up his present position he was assistant professor of evangelism at the Wheaton College Graduate School and associate director of the Institute of Evangelism at the Billy Graham Center.

ENDORSEMENTS

This book echoes the high call from the 17th century to pray and work for conversions with evangelism our top priority.

Evangelicals Now

"We are indebted to Timothy Beougher for providing a rich historical and theological study of Christian conversion through the lens of the great 17th century Puritan pastor and theologian, Richard Baxter. Few in the history of the church cared so much, studied so much, and wrote so much about conversion as Baxter, and Beougher offers here both a well-documented and eminently readable account of Baxter's deep and nuanced thought. I highly recommend this book, both for the fascinating discussion of theological themes of central importance to the Puritans and to all thoughtful Christians, and for the profound richness to mind and soul that comes through considering afresh the nature and process of true Christian conversion."

Bruce Ware
Professor of Christian Theology, The Southern Baptist Theological Seminary, Louisville, Kentucky & author of 'Big Truths for Young Hearts'

"Timothy Beougher's study of Richard Baxter offers a fresh interpretation of a very important early 'evangelical.' Baxter's advocacy of 'mere Christianity' was important in the contentious milieu of seventeenth-century England, and as Beougher shows persuasively it remains important in the midst of our contemporary contentions as well."

Mark A. Noll
Author of 'America's Book: The Rise and Decline of a Bible Civilization, 1794–1911'

Richard Baxter believed that a faithful system of theology, when created by a skillful hand, would not add to the Scriptures, but merely draw out what is already there. Richard Baxter and Conversion reveals that Timothy Beougher is just such a skillful hand with respect to Baxter's writings. He has drawn out of this classic and controversial Puritan's writings the theological and practical strengths and weakness that are there, and in the process clarified the historic controversies that have surrounded this great Puritan pastor's doctrine of conversion.
