DESCRIPTION

1 Corinthians is Paul's masterly pastoral letter to a church, which he founded five years earlier, but which in the meantime has lost its way. In Ephesus Paul was visited by various groups from Corinth bringing disturbing reports of recent developments, but also a list of questions. Paul discerned in the problems and the questions five underlying issues. It was, doubtless, piercingly relevant for the Corinthians as they sat transfixed listening as it was read to them. But the letter continues to challenge readers today as they apply its principles to life in an increasingly unstable and hostile world – as Corinth was.
