ENDORSEMENTS

The current emphasis on feelings is dangerous. One must evaluate and handle emotions according to the word of God. In his book, Ken shows you how to do so.

Author & Retired Seminary Professor, Enoree, South Carolina

"Ken Campbell is a very clever man. He has studied at universities in five different countries, besides pastoring churches on both sides of the Atlantic. Despite that, or maybe because of that, the book is simple to follow, easily read, and should prove of benefit to all who read it."
