ENDORSEMENTS

"Commentary series fulfils the aim to be readable, reliable and relevant. 1 Peter, written by the apostle Peter to encourage believers during times of suffering and persecution, is systematically discussed in such a way as to meet the need for serious engagement with the text and issues. It contains modern quotations and illustrations which bring the teaching to life, and combines substance with simplicity.

A very helpful tool for personal Bible study."

WS, CLC Book Reviews

"Combining substance with simplicity, the Focus on the Bible series is rich in stimulation"
