DESCRIPTION

The six books take this older and more sophisticated age group through a variety of topics and studies over the three year syllabus. Challenging and intellectually stimulating this is the obvious 'next stage' for the 11–14 year old class. With less of a focus on craft there is now more focus on hard hitting issues with group discussion times. An excellent resource to help young people think for themselves in a Biblical way.

ENDORSEMENTS

Biblical ignorance is a plague not only in the land but in churches. This material will cure the problem by giving children firm foundations in scriptural knowledge from their earliest years.
