This is an immensely helpful book for parents. It is encouraging yet incredibly thought provoking.

CLC Book Review

I would highly recommend this book to parents of children of all ages (it is never too late!) Those who are new parents can have the advantage of applying all this wisdom from the start!.

Evangelical Presbyterian

This little book is a very useful addition the array of Christian literature on the subject of bring up children.

Evangelicals Now

A welcome and stimulating addition to contemporary literature on parenting. Ann's book helps parents to take the long view of parenting - What are we doing? We are growing adults! In taking this approach we are encouraged to look at the consequences of unhelpful practices or strategies that are all too common today.
