ENDORSEMENTS

This is a wonderful little book that will help young Christians fight the good fight of faith. Our children are growing up in a cultural moment where they will face opposition both from without and from within. This exploration of the Armour of God is Christ centred, applied with pastoral sensitivity and beautifully illustrated. I warmly commend it to children and families keen to grow in their love and service of the Lord Jesus.

Let me confess this book was so helpful in getting me clear on the Armour of God and its meaning. But that's not all, after we went through it, my ten year old daughter said, "It's so good to understand what God gives us and the pictures really help explain it."
