DESCRIPTION

Although his mother was a faithful Christian, Augustine didn't believe and didn't live God's way. His life changed when he realised the truth of the Gospel. Augustine became a bishop and a key figure in the early church. His life is a glimpse into the days of Roman Africa and a powerful picture of the wisdom and durability of God's Word in a pagan culture.

MARKETING POINTS

Part of the Popular Trailblazer Series

Church father, early church history

A tower of faith during the late days of the Roman empire

AUTHOR

K. C. Murdarasi, Ancient History graduate from St. Andrews University, served as a missionary in Albania. She is now married and living in Glasgow where she is active in her church and writes regularly for magazines, anthologies and Sunday school curriculum.
