... Seeking to get behind the over-familiarity of many Christians with the Lord's Prayer, Edgar sets the prayer in its wider biblical context and expounds the prayer as 'An Apologetic for a Biblical World and Life View', as his introduction puts it ... very readable and offers significant help for the Lord's people in understanding the instruction he himself has provided for their praying.

The Covenanter Witness - Magazine of the Reformed Presbyterian Churches of Scotland and Ireland

A Transforming Vision walks readers through the iconic phrases of the Lord's Prayer, shedding fresh light on how the passage can profoundly shape a believer's walk with God. But Edgar goes further, showing how "this extraordinary prayer is also an apologetic for a biblical worldview." one that offers "a remarkable statement of faith, as it stands opposed to a confused world."
