Here is a fresh, vigorous and contemporary approach to our Lord's Parables by an American pastor whose challenge is virtually: 'What impact have Jesus's Parables made on your life?'

Peace and Truth

"After buying it, I took it home and read it. Actually, it would be more accurate to say that I devoured it in one evening. Thereafter, I went back to the store and ordered six more copies to give to others. In short, I can recommend it to you highly."

Dr. J Visscher CRC

"The work of Terry Johnson is to be commended because it comes from one of the leading young pastors of America. What is refreshing is that the ministry of Terry Johnson has not only historical integrity but it has a very definite appeal to young people, proving once again that the genuinely classic is of interest to all, both the old and the young."

"the expositor we have all been waiting for... a statement of Christian ethics as profound as it is readable. He is as faithful in bruising as in uplifting, but, being a true pastor, even his bruises have a velvet and healing touch."
